Answer the call... Attend one of our banquets for the Keystone Elk Country Alliance and you too can be the future of elk country.

The Keystone Elk Country Alliance's Mission Statement is:

To conserve and enhance Pennsylvania's elk country for future generations.

The Keystone Elk Country Alliance is a non-profit 501(c)(3) wildlife conservation organization that focuses their resources on Pennsylvania's elk herd and the Elk Country Visitor Center located in Benezette.

The Alliance is committed to working with our partners and regional and local communities to continue our work with wildlife habitat. Our lead volunteer group has many years of experience raising private dollars to enhance elk country across the US. The Elk Country Visitor Center will be an exceptional venue to provide a consistent conservation education message for tens of thousands of visitors to our region.

All money raised stays right here in Pennsylvania to help enhance habitat for elk and other wildlife.

Your support helps us continue our efforts through:

- ◆ Conservation Education at the Elk Center
- ◆ Permanent land protection
- ◆ Stewardship projects

Fundraising Banquets

Be a part of this fun event

- ◆ General Raffle Items
